[Aluminum Offset Lithographic printing plate for a Disco Poster]: "Hell on Wheels": Dress: Red Hot. Grand Central Resort. Cabaret Ballroom

Atlantic City: Grand Central Resort [1973]

\$400

Flexible aluminum illustrated lithographic plate. Approximately 15¾" x 20½". A couple of small punctures, some small micro-scratches, about very good. The central photographic image is of a group of people in costumed disco dress: roller skater, construction worker, hippie, tuxedo, etc. The half-tone screened picture also lists make-up and hair credit, as well as printing and photography credits. The flexible plate was meant to fit over a drum-like cylinder from which the image was pressed onto paper or cardboard. The aluminum plates were often recycled or re-inked and subsequently reused. Their survival is uncommon. [BTC#389005]
