Working Women's Buying Guide to New York 1980-1981

New York: Women Office Workers (WOW) (1980)

Octavo. 68pp. Foldout page: "We, the Undersigned, Support the Goals of Women Office Workers as Stated in the WOW Bill of Rights." Stapled illustrated brown wrappers. Slight oxidation on the stapled else fine. Includes information on WOW and womens' rights, and much advertising aimed at the working woman. Exceptionally scarce. *OCLC* locates a single "run" of this guide that was apparently intended to be issued annually, but appears not to have extended beyond this single annual issue.
