Eugene Percifield

[Two Photo Albums]: New York World's Fair 1939

\$375

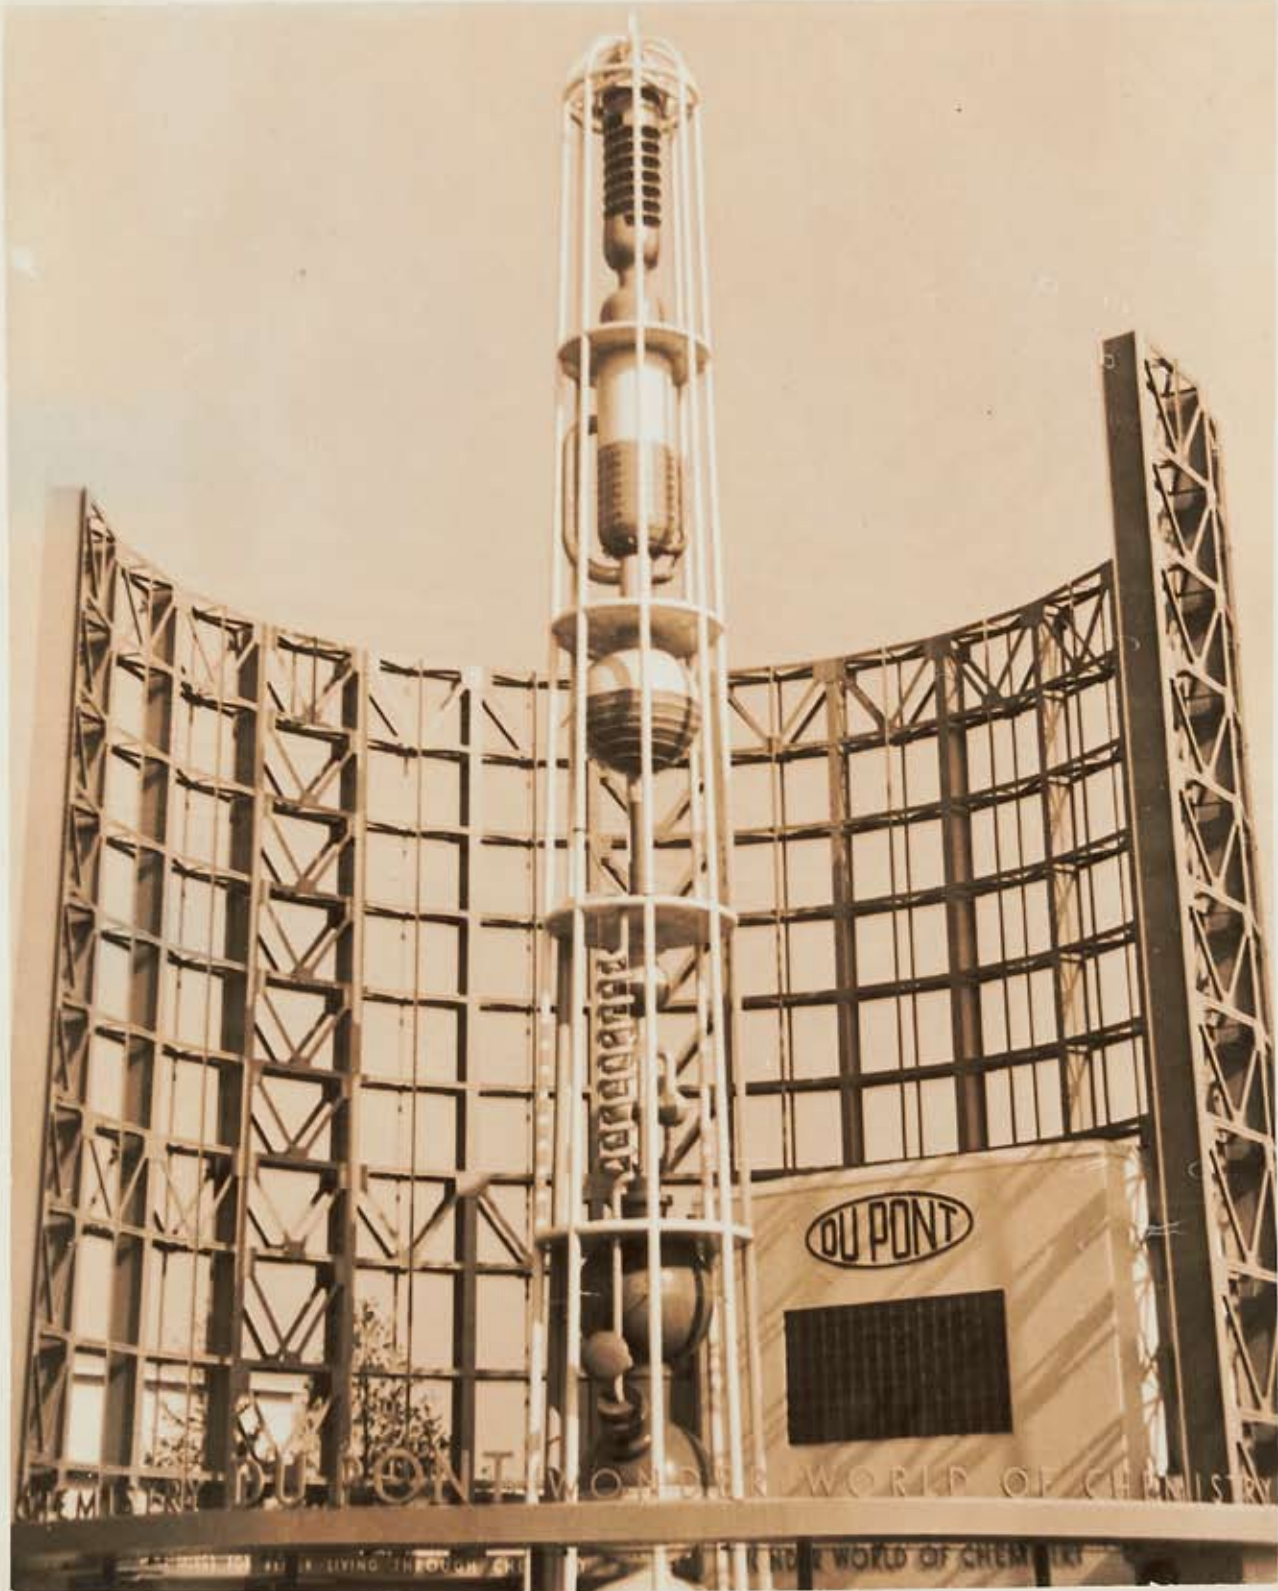

Two quarto-size photo albums. Each is spiral bound black leatherette with "Photographs" in gilt and an embossed camera in blind. A bit of rubbing, one image loose, near fine. A total of 31 larger format (approximately 8" x 10") images, mostly silver gelatin, with one cyanotype.

All but one image has been mounted on the adhesive pages of the album with plastic sheet protectors. All but one image (and that one a cityscape possibly taken at the fair) are of exhibits and scenes from the Worlds Fair of 1939-40. A previous owner has identified the photographer of Eugene Percifield of Sea Cliff, Long Island. [\[BTC#394203\]](#)
