[Vintage Photo]: Votes For Women

Glossy gelatin silver photograph. Approximately 8½" x 6½". About fine. A nice image of four women and three men, mostly on the elderly side, posed in front of a large canvas tent with a very large "Votes For Women" banner, with an automobile, and a table (that might contain radio equipment). The men appear to be wearing silk-type badges, the tent is decorated with American flags and smaller pennants; all seem to be enjoying themselves. A pleasant, if not easily identified image, likely circa 1918. [\[BTC#395936\]](#)
