A's '31

by Ed Doyle

First edition. Quarto. 23pp., illustrated from photographs. Mimeographed leaves in printed glossy wrappers. Slight age-toning at the edges of the wrappers, else near fine. Detailed exploration of whether the Yankees or A's of the late 1920s were superior, apparently by a Philadelphia man who prepared this as a memorial to a close friend in the neighborhood who was a Yankee's fan. *OCLC* locates no copies.
