Fancy Drinks: How They are Mixed

Cleveland: The Bishop & Babcock Co. Originators of Beer Drawing and Cooling Apparatus 1902

\$450

First edition. 24mo. 96pp., illustrations of bar equipment from photographs 3½" x 5¼" (8½ x 13½ cm.). Stapled decorated wrappers. Modest stains on the wrappers and occasional evidence of tidemarks within the text, still a sound and near very good copy of a rare cocktail guide that is interspersed with trade catalog style advertisements for bar apparatus. *OCLC* locates a single copy (dated 1902, but paginated identically) at Brown University.
