Elizabeth Ann Scott (Giles)

[Photo Album]: Photo Album of a Navy WAVE from California

\$450

Small thick octavo. 72 photographs, plus additional memorabilia (cocktail lounge menu and napkins, mess pass, Navy ribbon, ticket stub for the 1943 Navy vs. Georgia Tech football game, etc.). A few pages detached, a couple of images removed from pages, overall very good. Photo album of Elizabeth Ann Scott of Sacramento, California. The photos, mostly of women in uniform, document Scott's service with the WAVES, largely centering around her training with colleagues at Hunter College in the Bronx, her billet in a boarding house in Brooklyn, then later her posting a Washington (included are a number of commercial images of buildings in Washington). There are a couple of images of her in uniform at a cocktail lounge, several of seemingly eligible young soldiers, including a pilot, a couple of her out of uniform, and laid loosely into the back, one of a baby. Research indicates that Scott later added the married name Giles. [BTC#399179]
