Guild Cook Book

飲食指南

Third edition revised (as per the preface, published under a different title circa 1902, a second edition in 1923). Preface by Mrs. E.H. Ballou. Octavo. 199pp. (various and confusing paginations, with facing bilingual pages sometimes bearing the same page number). Green cloth titled in black. Text in both English and Chinese characters, with bilingual glossary at rear. A few pages dogeared, soiling and spotting on the boards, a sound, near very good copy. Scarce - presumably not the most ideal time to be publishing a cookbook in China. *OCLC* locates four copies. [BTC#400645]
