## *[Photo Album]: African-American Family*

1910 - 1960

\$650

Oblong quarto measuring 8½" x 12". Brown leather over paper boards with "photographs" stamped in gilt on the front board. Contains 59 sepia toned or black and white gelatin silver photographs measuring 1½" x 1½" to 6½" x 8½" without captions. Near fine photo album with edgewear with very good photographs with some creasing and occasional tape repairs.

An African-American family photo album with photographs spanning from about 1910 to the 1960. From the very few captions it can be presumed that the family was from the New Jersey area. The photographs are not in chronological order and begin with photos that appear to be from the late 1950s of cars and children playing. The older photos are mostly portraits of family members posing in nice clothes. One page shows a collection of eight single photos cut from a photo strip of smiling men and women and one child.

There are also men in military uniform on an army base which appear to be from the Vietnam-era. On 6½" x 8½" photograph shows a group of men who appear to be part of a musical group as they are posed in a way that appears to be more professional. Another 6" x 8" photo shows a group of school children in roughly 1920 posing as a group with Cape May, New Jersey written in a corner. Additionally laid in is a professional photograph of a man from the family graduating from High School.

A modest but nice collection of an African-American family over fifty years. [BTC#401404]
