*[Scrapbook]: Iowa High School Students Scrapbook and Photo Album*

Des Moines, Iowa: 1928-1936     \$325

Quarto. Bolt-bound papercovered card boards with "Scrapbook" in gold on top board. Edgewear and modest wear on boards, a few elements lacking, about very good. Scrapbook and photo album of Miriam Goodsell, a female student at Theodore Roosevelt High School in Des Moines. Most of the elements collected between 1930-1932 with a few both before and after. Included are 69 gelatin silver images of various sizes, including photo strips or gem-sized images cut from strips. Also tipped or laid in are programs for school musical performances, plays, dances, and other events (many of them mimeographed), calling cards of students, activities folders, an autograph booklet for a Mardi Gras dance, a few clippings, etc. A modest but pleasing cross-section of life for a high school girl in the beginning of the Great Depression in Iowa.
