Broadside. Measuring approximately 17 $\frac{3}{4}$ " x 31". Old folds including some with tape repairs on the verso and some short tears at the extremities, small inked notation of "10%" in a couple of places, a handsome about very good example. Includes 12 beautifully wood engraved illustrations (by H. W. Troy) of tents, with four additional illustrations of camp beds, stools, and chairs, each with a corresponding price list. Among the tents are a photographer's tent, a surf tent, refreshment tent, amazon tent, octagon garden tent, palmetto tent with awning front and rear, a lumberman's tent, and others. A wonderfully illustrated broadside catalog, undated but the engravings uniformly dated in 1883.
