A[mos]. Alonzo Stagg and Henry L. Williams

A Scientific and Practical Treatise on American Football for Schools and Colleges

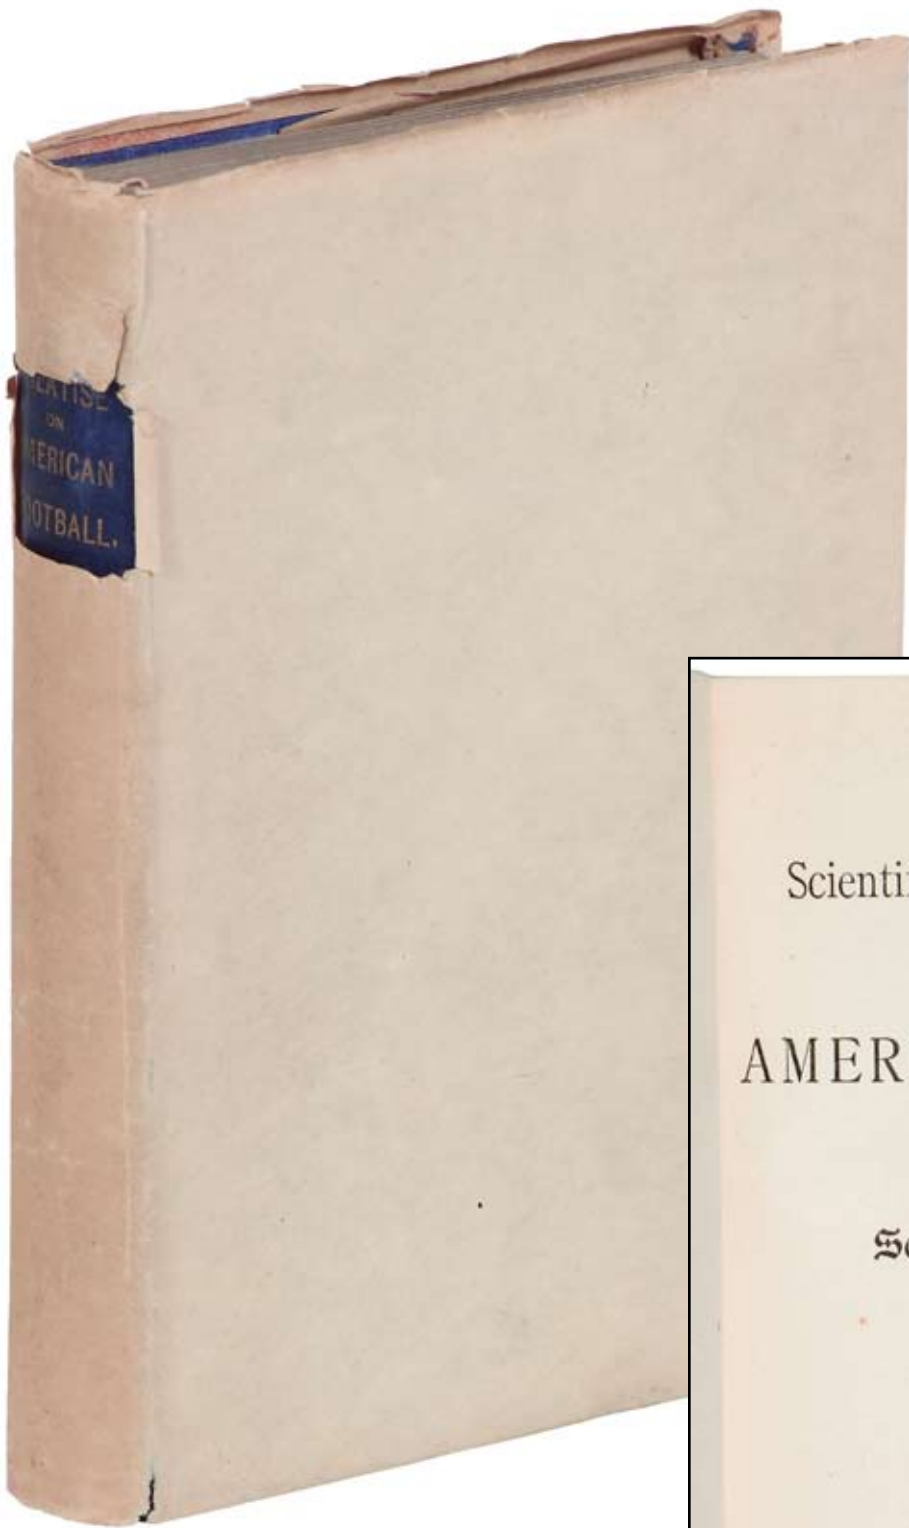

Hartford, Conn.: Press of the Case, Lockwood & Brainard Company 1893

\$2400

First edition. 12mo. 274pp., illustrated with diagrams. Blue cloth gilt, illustrated on the front board with an image of a football player. A bit of light spotting on the front board, else near fine in what we are convinced is the original unprinted paper dustwrapper (with a piece cut away on the spine in order to reveal the title, else a nice very good or better example*). One of the scarcest, earliest, and most important books on the game of American Football. Very scarce. [\[BTC#402991\]](#)
