Tom Hayden

Student Social Action

[Ann Arbor] and New York: Voice Political Part / Students for a Democratic Society (1963)

\$275

First edition. 12pp. Stapled mimeographed gray self-wrappers. Slight toning, very near fine. Bibliography of this speech delivered at the University of Michigan is problematic - it was distributed by various groups, although this seems likely to be the earliest separate edition. *OCLC* locates a single copy of this issue at Northwestern.
