\$500

Four sepia-toned cabinet cards measuring 4¼" x 6½". All images near fine with some edgewear with some captions. A small collection of cabinet cards of nurses from the New England area around 1880 including photograph studio stamps from Albert L. Werner, Sherwood & Company, C.H. Gallupt & Company, and Bowers. The women pictures here are from Concord, New Hampshire, Buffalo, New York, Poughkeepsie, New York, and Hartford, Connecticut and show the women posed in their uniforms. One of these photos includes a group of three women from Buffalo posed together with two seated and one standing. Another photo of a nurse from Poughkeepsie holding a book with a caption on the verso which reads, "Ruthie worked at the insane asylum." A nice collection of photographs depicting late 1800s nurses from New England. [BTC#421041]
