**Booker T. Washington**

*Frederick Douglass*

Philadelphia: George W. Jacobs & Company (1907)

\$8500

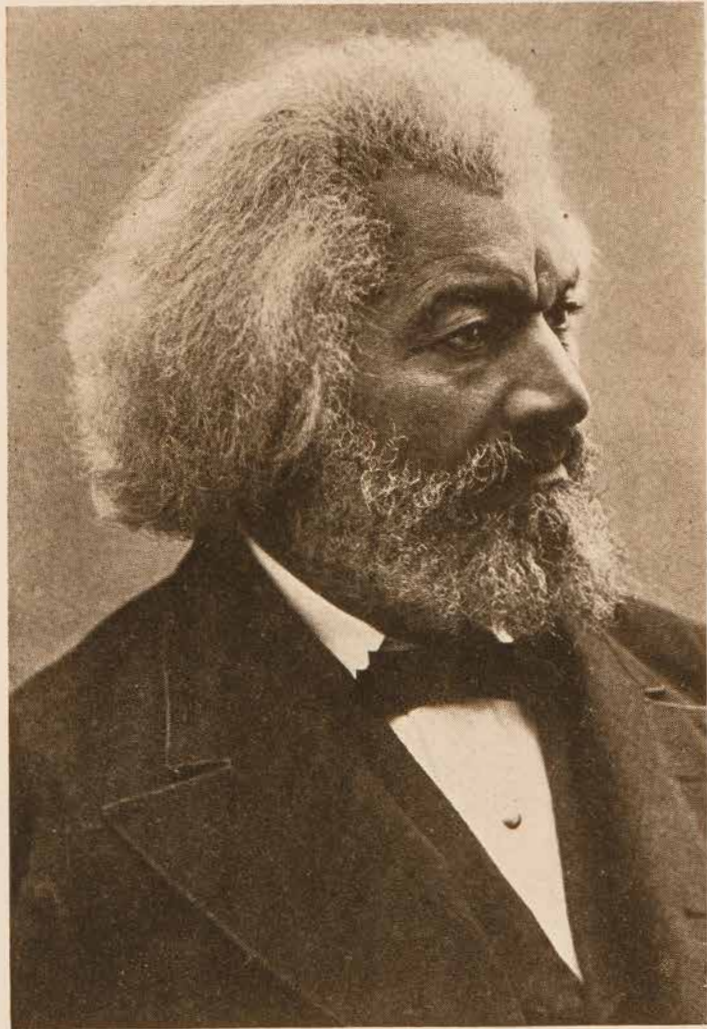

Blue cloth. Octavo. 365pp., frontispiece portrait. Two early owner's names else a fine and bright copy, in very good or better dustwrapper with shallow chips at the spine. A very uncommon biography of Douglass published in the American Crisis Biographies series. One of Washington's scarcest books, this is the only copy we've seen in jacket, we're not sure we'll see another. [BTC#422979]
