

## *[Loose Photographs]: Edwardian-Era Possible Transvestite*

circa 1900-1910

\$400

A collection of 7 sepia-toned or black and white silver gelatin photographs measuring between 3½" x 5½" and 5½" x 9½" without captions. Slight curling with some edgewear else about near fine. A small assemblage of photographs of a well dressed woman posed in fashionable clothes at the turn-of-the-century. Two of the photos show her posed next to a man, another shows her posed with a parasol, and another shows her lifting up her skirt to reveal her bloomers. The woman in question appears to have masculine features and there is a strong possibility the woman in question was a man who dressed in women's clothing. [BTC#423976]
