

*In a trial dust jacket*

**Wright Morris**

*The Field of Vision*

New York: Harcourt, Brace and Company (1956)

\$500

First edition. Fine in very good trial dustwrapper that appears to not have been used on the published work. The jacket has age-toning and a modest tear on the front panel, small piece of tape with an "R" inked on it (presumably a reference copy for the publisher or printer). Rare variant of a National Book Award-winning novel. [\[BTC#429893\]](#)
